Our Nominces. The Convention last night placed in nomination as candidates for the Convention the names of George Davis and Rorert Strange, and ratified the nomination of R. K. BEYAN, made by the Democrats of Pender county.

It is useless for us to pass compliments upon these gentlemen. North Carolina contains no more honorable, intelligent or devoted sons. If they are not elected it will be because ignorance and vice will control the result in this county. And none are so ignorant as not to appreciate the fact that it would be better for the welfare of every individual in the county, and for the general good that such men should be sent to frame the fundamental law of the State than such as have been put up by the Radical par-Our candidates do honor to the
